

HOUSING

California State law requires jurisdictions to update the Housing Element on a mandated schedule and gain approval from the Department of Housing and Community Development. In 2015, the City of Millbrae adopted and had certified by the State an updated Housing Element that included a comprehensive assessment of current and projected housing needs for all economic segments of the community, and set forth housing policies and implementation programs for the period of 2015-2023. For more information on the Housing Element, which is bound under a separate cover, please contact the City of Millbrae Planning Division.
